Overview of Major Achievements

Mr. Meng Xianming who is highly experienced in book and journal editing, once worked as the chief editor for Beijing Business Today and one of large culture companies, and published many books and journals about culture and history and business administration. With many years' editing experience, he has laid a solid theoretical foundation for his lawyer career. Mr. Meng is specialized in the capital market area, such as intellectual property, company acquisition and reorganization, IPO, listing and refinancing, fund establishment and raising. He can provide the following legal services: (1) Advising companies planning to be listed on shareholding reform, domestic and overseas issuing of stocks (IPO) and listing (including listing on domestic and overseas main board, SME board, growth enterprise market, new three board and other securities markets); (2) Advising listed and non-listed companies on private placement, issuing new shares, allotment of shares, equity transfer, reorganization (including back-door listing), restructuring (including state-owned enterprise restructuring), equity acquisition and anti-acquisition, major asset acquisition, major investment (including sole proprietorship, joint venture, cooperative, joint operation and

other types of investment), issuing of preferred stocks, bonds (including transferable bond, enterprise bond, corporation bond, financial bond and short-term financing bond), warrant, equity, or stock option incentive (rewards); and (3) Providing securities companies, future companies, various fund and investment companies with related legal services.
